

# You're planning something important.

We'd love to be part of your success story

## Project and Program Management

- Agile management, coaching, and transformation
- Tool selection, implementation
- Infrastructure, software, app development projects
- PMO implementation
- Business process everything
- Owner's representative during project execution
- Current assessment of PM processes and tools
- PMO and PM training

## Talent Sourcing and Development

- Direct placement of a single team member on your team
- Project staffing of whole teams for the duration of a project
- Fractional staffing for PMs, administrators, and technical writers
- Operations support for existing teams
- Team strength and capabilities assessments

### Doing Business with BlueFlag

Agencies can buy through the Simplified Acquisition Procedures (FAR Part 13), SDVOSB Sole Source, Government Purchase Card (GPC), or through our Teaming Partnerships.

# Why BlueFlag?

...AND WE LIKE THEM!

## 1. We are great at what we do.

We're a LLP, a partnership between experts with diverse skills -- much like a medical practice. This means we never fake it and only do work we've had decades to become great at.

Working with **large government and private clients** has given us a base of proven solutions, while working with **startups** infuses our everyday work with energy and innovation.

## 2. Our customers really like our work.

We've worked for some great people and organizations. They've had some kind things to say about what we do.

FAA  
DoD  
Anthem  
Navy Mutual  
Washington Gas  
Startups  
DHS  
Air Force

*BlueFlag has guided our group of founders from idea to development, successfully navigating vendors, technology decisions, contracting, branding, and more. We wouldn't be where we are without them.*

Dr. Chad Kelman

## 3. We're responsive to you.

We develop and use best practices and processes. But every one of our processes are designed to adapt to the needs of you and your team.
